

**REMARKS**

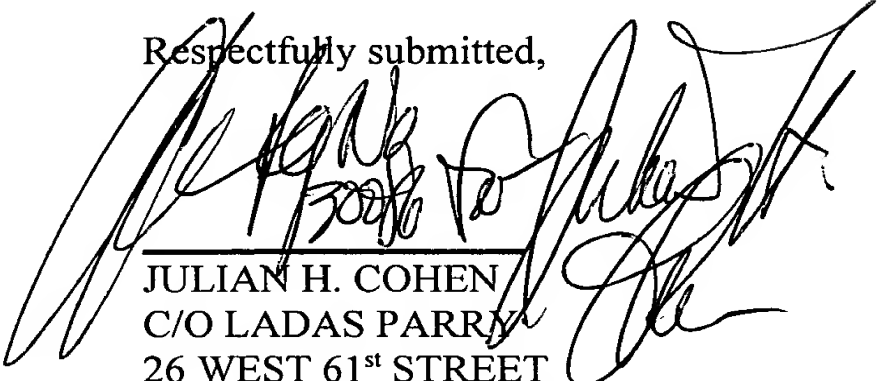

The Brief Description of the Drawings in the specification has been amended to list Figure 1A thereby eliminating the this deficiency. The Brief Description of the Drawings has also been amended to correct a typographical error.

These amendments only involve formal matters which are properly correctable under 37 C.F.R. 1.312.

The Notice of Drawing Inconsistency with Specification of January 4, 2005 also states that "Figures 2-4 are listed in the Brief Description of the Drawings in the specification but not contained in the Drawings". This objection is not accurate because Figures 2-4 were submitted at the time of filing and is part of the record. A copy of Figures 2-4 as filed is attached herewith.

In view of the above action and comments, it is submitted that the application is now ready for issue.

Respectfully submitted,
